### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Larry Coats on 4/27/06.

The application has been amended as follows:

**Cancel claims 25, 33-37.**

**Claim 32 last line after " building member", insert ----- ;**

**a reinforcing member extending adjacent the main section of the second portion of the connecting member and between the opposed flanges, the reinforcing member being secured adjacent the main section of the second portion of the connecting member by the one or more fasteners that secure the second portion of the connecting member to the second building member, wherein the reinforcing member is generally U-shape and extends in parallel relationship to the opposed flanges of the main section of the second portion of the connecting member -----**

#### *Allowable Subject Matter*

2. Claims 24, 30, 32 are allowed.
3. The following is an examiner's statement of reasons for allowance: prior art does not provide sufficient motivation to modify the reference Kehr et al (2065529) to show ribs on the first portion extending transversely in relation to the track and generally perpendicular to the

opposed channels of the track, and an elongated slot formed in the main section of the second portion and oriented such that the slot extends generally parallel to the one or more ribs formed in the first portion of the connecting member in combination with other claimed limitations; and prior art also does not provide sufficient motivation to modify the reference Chou (5671580) to show a reinforcing member extending adjacent the main section of the second portion of the connecting member and between the opposed flanges, the reinforcing member being generally U-shape in combination with other claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art shows different connector device.
